

Qualifying in GATE 2020 does not exarantee either an admission to a next-oraduste recommend or a scholardsin/assistant-bin. Admining institutes may conduct further tests or interviews for final selection. In the GATE 2020, the qualifying marks for a general category candidate in each paper is  $\mu + \sigma$  or 25 marks (out of 100), whichever is greater, where u is the mean and a is the standard designion of made of all the conditates who appeared in the range. The qualiform

marks for OBC(NCL) and SCST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively The GATE 2020 score was calculated using the formula

GATE Score = 
$$S_q + (S_t - S_q) \frac{(M - M_q)}{(M - M_q)}$$

M is marks (out of 100) obtained by the candidate in the naner

M., is the qualifying marks for general category candidate in the naner M. is the mean of marks of ton 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of

 $S_{-} = 350$ , is the score assigned to  $M_{-}$  $S_r = 900$ , is the score assigned to  $M_r$ 

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of fth candidate in the 4th session M., was computed using the formula

 $\hat{M}_{ij} = \frac{\hat{M}_t^g - M_q^g}{\hat{M}_{si} - M_{si}} (M_{ij} - M_{iq}) + M_q^g$ 

 $M_{cc}$  is the actual marks obtained by the  $I^{th}$  candidate in  $I^{th}$  session

 $\vec{H}_{i}^{0}$  is the average marks of the top 0.1% of the candidates considering all sessions M2 is the sum of mean and standard deviation marks of the candidates in the nature considering all sessions

 $\hat{H}_{th}$  is the average marks of the top 0.1% of the candidates in the  $\ell^{th}$  session  $M_{in}$  is the sum of the mean marks and standard deviation of the  $\ell^{th}$  session

Graduate Aptitude Test in Engineering (GATE) 2020 was organised by Indian Institute of Technology Delhi on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Human Resources Development (MHRD),
